MEMORANDUM FOR: Deputy Director for Science and Technology  
FROM : Director of Central Intelligence  
SUBJECT : Note of Appreciation for the DDS&T Graphics Staff (U/AIUO)

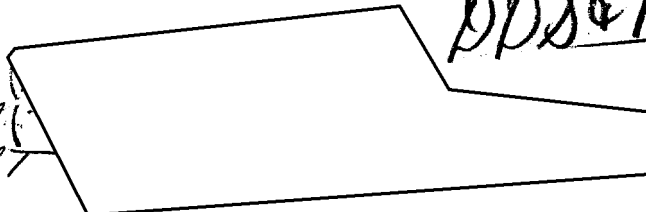

1. (U/AIUO) During the period 20 September - 26 October 1977, my staff had occasion to place some relatively heavy demands for graphics support upon the DDS&T Graphics Shop. The demands were created by a need for the DDO and I to brief the Secretary of State, Secretary of Defense, the Special Assistant to the President for Security Affairs, and other high level officials on the world-wide utilization of DDO manpower. As you know, such a forum requires graphic material of the highest professional quality.

2. (U/AIUO) The job of preparing the briefing boards and the supporting presentation material was given to [redacted] and his staff. It was a hectic task requiring imagination, sound judgment, and long hours of work. I am pleased to tell you that the presentation material was of the highest quality, professional in every respect and assisted me significantly in my briefing. Would you please express my sincere thanks to [redacted] and the members of his staff.
